**Inquiries** - Tsuboi (Sales department) - [tsuboi@isc-net.co.jp](mailto:tsuboi@isc-net.co.jp)

### About Isc inc.

After our company was established in 1990, we started to develop high speed cameras and cultivate knowledge and picture technology. We are constantly improving our technology to respond to new and developing fields in the manufacturing industry.

### Company strengths

We use our development of control software necessary for device development, and our strong base picture (image) knowledge and technology to deliver what our client's want.

### Main products (technology)

3D X-ray processing

Flaw detection system for  
metal parts
