

# Company Information

## Field - Electronics

### Company Profile

URL - <http://www.tamaohm.co.jp/>

Company name - Tama Ohm,K.K.

Established - 26th February, 1967

Address - 6-9-16 Suge, Tama Ward,  
Kawasaki

Tel - 044-944-8083

Fax - 044-944-8081

Representative - Hiromi Tamada

Capital - 70,000,000 yen

No. of employees - 30

Overseas office - None

Current overseas business

- Exhibited at Electronic Asia in HK 2012
- Registered JETRO TTPP (Trade Tie-up Promotion Program) in January, 2013
- Exhibited at Electronic Asia in HK 2013
- 2014 Exhibited at FBC Shanghai 2014 (Japan-China Manufacturing Convention)
- 2015 Exhibited (cont.) at FBC Shanghai 2015 (Japan-China Manufacturing Convention)
- 2018 Exhibited at Electric & Power Vietnam 2018

Prospective overseas business

We aim to globally expand sales channels, starting with South East Asia.

Main business

- We manufacture and sell wire wound power resistors
- We design, manufacture and sell resistive load devices
- We are a general trading company dealing in electronic parts

## Company name - Tama Ohm,K.K.

### About Tama Ohm,K.K.

Our company was established as a manufacturer of wire wound power resistors in 1967. In almost 50 years since then we have gained the trust of various industrial machinery manufacturers, starting with major electronic manufacturers and research institutes through our company philosophy of "Valuing each component".

### Company strengths

We can design and manufacture various types and shapes of resistive load devices to meet our customer's requirements. Furthermore, we have a wealth of experience in marketing and manufacturing various type of inspection devices.

### Main products

Various types of resistors
